TANNISTHA CHATTAPADHYAY

Undergraduate software engineer

Pune, Maharashtra - 411035 | +91-7558589153 | 20230802243@dypiu.ac.in

CAREER SUMMARY:

I am currently a first-year student pursuing a career in software engineering at D Y Patil International University, Akurdi-Pune.

WORK EXPERIENCE:

Pawzz Foundation (Remote)

Fundraising Intern | 16 March, 2024 - 28 March, 2024

- Assisted in planning and executing fundraising campaigns, including online crowdfunding.
- Built and maintained relationships with donors, ensuring clear communication and engagement.
- Enhanced my ability to communicate the organization's mission and impact effectively to various stakeholders.

GDSC WOW (On-Site)

Community Volunteer | 06 April, 2024

- Coordinating and organizing various games for students requires meticulous planning and organizational skills to ensure everything runs smoothly and on time.
- Working with other volunteers and team members to set up and manage activities demonstrates your ability to collaborate effectively in a team environment.
- Designing and organizing fun and engaging games requires creative thinking to ensure the activities are enjoyable and suitable for a wide audience.
- Handling any unexpected issues or changes in plans during the event demonstrates your problem-solving skills and ability to adapt quickly.

RELEVANT PROJECTS:

Currently working on building my own portfolio website.
